# Proposed Commuter Rail Schedule Changes

To go into effect on May 23, 2016

To offer you better, more reliable service, we've developed updates to the MBTA Commuter Rail schedules. We've applied computer modeling, undertaken field testing, and increased operational efficiencies to make changes that will improve our performance and your experience.

The proposed schedule changes are designed to improve service by:

- Reducing the incidence of delays that affect subsequent departures and multiple lines,
- Representing more accurately the actual travel time along each line, and
- Allowing sufficient time to perform necessary maintenance between trips.

## Your feedback

Before these proposed new schedules go into effect on May 23, 2016, we'd like to get your feedback. Please take a moment to review the proposed schedule changes below and complete our Commuter Rail Customer Comment Form.

We also invite you to attend a public meeting (complete public meeting schedule) to participate in a discussion of the Commuter Rail schedule changes. You can also provide us your comments by mail to: MBTA, 10 Park Plaza, Boston, MA 02116, Attention: Commute Rail Schedule Committee; by phone at (617) 222-3200 or TTY (617) 222.5146 or email at crschedules@mbta.com.

The deadline for public comments is Friday, February 12, 2016.  
We value your input and thank you for your participation!

**Note: There are no planned schedule changes for the Kingston/Plymouth, Middleborough/Lakeville, and Greenbush Lines.**
